

Informix Tech Day - Tuesday, November 9, 2010

A FREE event for Informix Users

Date: Tuesday, November 9, 2010 9:00am to 5:00pm

Location: Crowne Plaza National Airport 1480 Crystal Drive Arlington, VA 22202
(Near the Crystal City Metro)

Now that Informix 11.70 (Panther) has been released we can share with you some more details about our Washington Area Informix User Group Tech Day. This will be a deep technical dive into what is in the new release by John Miller III, STSM, Embedability Architect from IBM. Art Kagel and Lester Knutsen will also share with you the results of our hands on tests with the beta pre-release of Informix 11.70 and its great performance improvements.

Agenda:

Continental Breakfast (8:30-9:00 AM)

9:00am

- New Informix 11.70 (Panther) features - John Miller
- Live demo of OAT and new monitoring features - John Miller
- Automated Storage Improvements including Provisioning, Table Defrag, and Auto Table Policies - John Miller

Lunch (12:00 – 1:00 pm)

1:00pm

- Replication Improvements and Flexible Informix Grid - John Miller
- Sysadmin and the Database Scheduler - John Miller
- New Informix Data Warehousing Features - John Miller
- Informix 11.70 Performance tests - Art Kagel and Lester Knutsen
